

## **BUY AMERICAN CERTIFICATION**

National School Lunch Program {NSLP} and School Breakfast Program {SBP} [7 Code of Federal Regulations {CFR} Sections 210.21{d} and 220.16{d}]

The Buy American provision requires participants to purchase, to the maximum extent practicable, domestic commodities or products for use in meals served under the NSLP and SBP. A domestic commodity or product is one that is produced and processed in the United States substantially using agricultural commodities that are produced in the United States. "Substantially using" means over 51 percent of the final processed product consists of agricultural commodities that were grown domestically.

There are two situations which may warrant a waiver to permit purchases of foreign food products include:

- 1) The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities; or
- 2) Competitive bids reveal the costs of a U.S. product is significantly higher than the foreign product.

Manufacturer Name: Tone Products, Melrose Park, IL

## **Product Certification**

**We certify that our products are (check one)**

- All products produced are a minimum of 51% processed in the USA  
 All products are a minimum of 51% processed in the USA, EXCEPT:

**For all items in the table below:**

Packaging materials and ingredients EXCEPT fruit juice concentrates (Apple, Pineapple, and Grape) are manufactured and sourced in the U.S.

Tone Products uses a variety of juice concentrates that originated from whole fruit. The most

common examples of such ingredients are high brix pineapple juice and high brix apple juice. These ingredients are sourced from the USA whenever possible; however, it is often true that inventories of domestically sourced fruit juice concentrates are completely unavailable, that is, domestic crops of these fruits are not being pressed into juice concentrate. In this circumstance we source juice concentrate from domestic brokers who import them into the United States from South America or Asia.

All ingredient vendors, regardless of their sourcing, are required to abide by our supplier approval process which requires that the manufacturer operate under all applicable FDA regulations and supply a third party food safety audit certification.

<b>Item No.</b>	<b>Item Description</b>	<b>Origin of Materials, Packing, and Distribution</b>
JPST2H2C	100% JUICE SWEET TEA	Philippines, Brazil, Indonesia, Argentina
51LE5H21	TBEV LEMONADE 6-1/2 GALLONS 5+1	Philippines, Brazil, Indonesia, Argentina
