ZEEZEES.COM

Part Of The National Food Group Family

February 5, 2025

To Our Valued Customers,

USDA requires schools to purchase domestic products to the maximum extent practicable, known as the Buy American provision in 7 C.F.R. Part 210.21(d) and 220.16(d). To maintain compliance with the Buy American provision, school food authorities (SFAs) must buy domestic commodities or products to the maximum extent practicable with some exceptions. Domestic commodities and products must meet two requirements:

- 1) An agricultural commodity that is produced in the United States; and
- 2) The item is processed in the United States and using agricultural commodities, over 51 percent of the final processed product (by weight or volume as determined by the SFA) must be comprised of domestically grown items.

Exceptions to this provision are outlined in 7 C.F.R. Part 210.21(d) and 220.16(d) and is allowable for products that fall under one of these categories:

- 1) The product is listed on the Federal Acquisitions Regulations (FAR) 25.104 Nonavailable articles list and/or is not available at reasonable quantities at an acceptable quality; or
- 2) Competitive bids show the U.S. product costs significantly more than the foreign product.

We are a domestic producer who meets or exceeds the regulations outlined in the Food Safety Modernization Act. Our commitment to safety and compliance ensures every product meets or exceeds industry standards.

Based on the conditions listed above, National Food Group proudly guarantees that these Zee Zees items meet Buy American requirements.

Sincerely,

A handwritten signature in cursive script that reads "Tara Sharpe".
