Dear valued customer,

The Buy American provision requires schools participating in the National School Lunch Program and School Breakfast Program to prioritize purchasing domestically grown and processed food products to the maximum extent practicable. This provision safeguards the health and well-being of our Nation's children and supports the U.S. economy, American farmers, and small and local agricultural businesses. Nutritional Choices Inc. enthusiastically supports this program and the opportunities it provides to American businesses.

The following item(s) contain at least 51% domestically sources ingredients:
